

One Voice

Key-A

Words and Music by **Kyler Morrison**

Verse 1

I've been living my life divided
When the spirit comes close I fight Him
Because I've heard so much and I'm still not sure today

Verse 2

When I sing and pray I feel Him
Though my words cannot explain it
I'm done speaking two different voices every day

Pre-Chorus

And we were made for something big
Our hearts are open here today
Lord come take our doubt away

Chorus

One voice One God One Spirit of the Lord
To bring to light the things I cannot see
One Grace One Love One moment of belief
And over-whel-ming peace that I am free

Ending

I am free I am free
I am free I am free
